

TIKTOK FOR ARTIST SERVICES & PROMOTIONAL PACKAGES

1. TikTok Song Claim Under Profile

Description

Securing official recognition for your track under your artist TikTok profile enhances visibility and allows you to access usage data—such as how many creators are using your sound. This boosts credibility and enables you to track and potentially monetize your music on the platform.

What's Included

- Verification of track ownership on TikTok
- Analytics access to monitor sound usage and engagement

Pricing Estimate

As this is predominantly a setup process via distributor services rather than a promotional campaign, standard pricing is minimal:

Line Item	Price (USD)	Price (₱ 1,500/USD)
Setup & Claiming	\$5	₱7,000

Note: TikTok does not offer a formal public claiming feature; it's managed via distribution platforms.
